2012 PUBLICATIONS

PUBLICATIONS

This section features hockey magazines, newspapers, programs and media guides. For this section, we have listed a range of prices that you may expect to pay for any individual publication. It should be noted that we have built the price guide with the assumption that you are purchasing a single *specific* issue (a publication that you want) rather than a single *random* issue.

As you may imagine, older publications tend to cost more than newer publications. The depicted athlete may also determine the price, especially if you compare Wayne Gretzky to Dick Redmond. The popularity of the publication and quality of the photo also help determine the price. Collectors can expect to pay at discount when purchasing multiple copies rather than a single copy. The discount, however, will vary depending on your selection of publications.

As you can appreciate, many more publications exist, most notably team-issued and game day programs as well as international and regional periodicals. Please send us your notes to info@thewantlist.ca.

BLUENE

- 1954-55 Volume**
- 1954-Oct Howe, G. \$150-\$300
